Amer 110 built by the italian shipyard leader in the shipbuilding industry in the world won the first award in the category "Most innovative"

AMER YACHTS with Amer 110, the last jewel built by Permare Shipyard launched last August, celebrates another triumph.

In the evening of September 16th at the Carlton Hotel in Cannes during the Cannes Festival Yachting at the WORLD YACHTS TROPHIES as the "most innovative yacht".

Amer 110 built by the italian shipyard leader in the shipbuilding industry in the world won the first award in the category "Most innovative"

The same prize were adjudicated last year to Amer Yacht for her **Amer Cento**.

For both yachts Amer Yachts, in collaboration with Volvo Penta, has "dared" to install a revolutionary layout engine system with 4 IPS who permit a decrease of consumption and noise emission with more comfort.

Amer Cento, last year, and **Amer 110** now, are, the first yacht of her dimension and the first pleasure ship unique in the world with 4 Volvo Penta IPS.

Amer 100 has Volvo Penta IPS 1050, and l'**Amer 110** i Volvo Penta IPS 1200.

Amer Yachts will attend Genova boat show with his three jewels Amer 94 Cento and 110 and you can take a look of them all together at the following link: https://youtu.be/Let19NH_WFI

Technical spec and photos attached.
